[Business Activities] Operations of MarkLines Automotive Industry Portal

Automotive Industry Portal

MarkLines Automotive Industry Portal is a one-stop B2B online information source for the automotive industry. The portal provides two kinds of services: research tools and marketing tools.

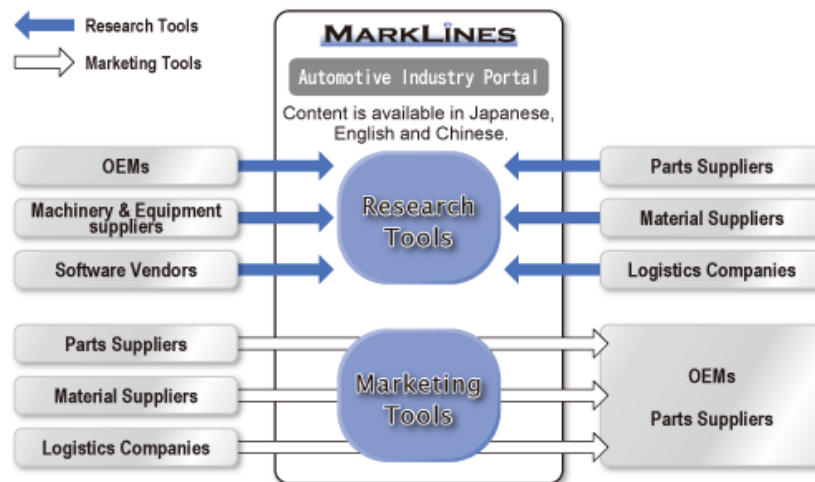

Research Tools:

MarkLines provides information about the global automotive market, which is useful to all companies working in the industry. This allows companies to save time and money by using MarkLines instead of conducting independent research.

Marketing Tools:

MarkLines has tools which promote a customer's products, technologies and services to over 90,000 MarkLines' members. MarkLines' members include various OEMs and parts suppliers around the world.

By providing services with these research tools and marketing tools, MarkLines supports its customers' procurement and marketing activities.
